FUND PROFILE

Saskatchewan Government Growth Fund III Ltd. ("SGGF III" or the "Fund") is a government-administered venture capital fund pursuant to the Immigration Regulations, 1978 (Canada), as amended. It was formed in 1994 to enable immigrant investors to invest in businesses operating in Saskatchewan and facilitate the investors' qualification as Canadian permanent residents under the Immigrant Investor Program.

FINANCIAL HIGHLIGHTS

- The Fund recorded net income of $176,000 in 2006 and has retained earnings at December 31, 2006 of $1.7 million.
- Net revenue for the year, including recognition of the fair value of investments, was $329,000.
- The principal amount repaid on Notes at maturity was increased to $165,000 in 2004, and all Notes have now matured. Further payments will be made as cash becomes available from the liquidation of investments.

The priority of Saskatchewan Government Growth Fund III Ltd. in 2006 continued to be the liquidation of its remaining investments to provide funds for payments to Noteholders.

The Fund recorded net income of $176,000 in 2006, reflecting the fact that investment revenue, including an increase in the fair value of investments exceeded the administrative costs. The Fund has retained earnings at December 31, 2006 of $1.7 million, compared with $1.5 million at December 31, 2005.

Payments to Noteholders on maturity of the Notes are established periodically based on forecasts of cash expected to be available from disposal of investments and scheduled maturities of Notes. This ensures that all investors are treated equally on the maturity of their Notes. In 2002, the amount paid at maturity was set at $150,000. In 2003, the payment at maturity was increased to $160,000 and in 2004, to $165,000.

During 2006, the Fund disposed of two investments. The Fund has three remaining investments. The timing and amount of future payments on the Notes are dependent on the disposal of these three investments. Two of the investments are in private companies which creates challenges for disposal because of the lack of active liquid markets for minority share positions in private companies. If the assumptions underlying the forecast prove to be correct, sufficient cash will be generated to pay the remaining principal amounts of the Notes. The objective of the Fund is to dispose of the remaining investments in 2007. If this objective is achieved, at such time, a further distribution could be made to Noteholders. However there is no certainty that this will be possible. If the forecasted realization proceeds from investments are achieved, the Fund will consider an ex gratia payment to investors to compensate them for accrued interest since the date of maturity of their Notes.

As significant new developments occur, this information will be provided to the Noteholders.

February 21, 2007

The following are profiles of investments held by SGGF III during 2006, including the principal amount invested at December 31, 2006, and a description of the companies' operations. The date of the initial investment in each company is noted in parentheses.

Big Sky Farms Inc. (January 1996)
$3,000,000 – 1,263,360 common shares

Big Sky Farms, headquartered in Humboldt, Saskatchewan, operates a number of farrow-to-finish hog operations in Saskatchewan and Manitoba. These operations are among the largest hog production facilities in Canada.

Fairmount Energy Inc. (July 2004) (TSX:FMT)
Common shares

Fairmount Energy is an oil and natural gas exploration and development company. The Fund received its shares in the company in 2004 on reorganization of Star Biotech Inc. (now Star Bio Investments Inc.), a company in which the Fund invested in 1998.

Points North Leasing Inc. (April 1998)

Points North, with headquarters at Points North Landing, Saskatchewan, owns aircraft, buildings, equipment and vehicles that are leased to a freight forwarding business serving northern Saskatchewan. During 2003, the assets securing the Fund's loans to the company were refinanced or sold, and the Fund received the related proceeds in payment of loans owing. The Fund's remaining security ranks second or lower behind other creditors of the company. During 2006, the company made a proposal to settle its remaining obligations to the Fund, and this transaction was completed in May.

Prairie Sulphate Corporation (August 1996)

Prairie Sulphate Corporation, which was located at Alsask, Saskatchewan, manufactured potassium sulphate fertilizer, a specialty product used in the care of chloride sensitive plants such as citrus trees, tobacco, and golf course greens. The company experienced financial and operating difficulties and in 2004 was petitioned into bankruptcy. The company's assets were sold at auction. Nominal proceeds were received in August 2006.

Star Bio Investments Inc. (January 1998)
$52,284 – common shares

Star Bio Investments Inc. is a successor company to Star Biotech Inc. Star Biotech was a Saskatoon-based biotechnology company which used advanced technologies to develop and produce high value-added, bio-engineered vaccines for animals and humans. In 2002, the Fund's debt investment was converted to shares and the company sold its assets for a combination of cash and equity and royalty interests in other companies. In 2004, the company reorganized and the Fund received common shares of Star Bio Investments Inc., which holds the equity and royalty interests, and of Fairmount Energy Inc. The Fund's recovery on this investment is dependent on Star Bio Investments selling its equity and royalty interests.

Background

Saskatchewan Government Growth Fund III Ltd. ("SGGF III" or the "Fund") is an immigrant investor fund which operates in accordance with the regulations of the federal Immigrant Investor Program (the "IIP"). The Fund began commercial operations in 1994 when it accepted its first subscription deposits. The Fund is financed by subscriptions received from immigrant investors. The objective of the Fund is to invest the proceeds of subscriptions in eligible businesses in Saskatchewan for a five year period as required by the IIP. This allows the immigrant investor to satisfy the investment requirements of the IIP for a Canadian-resident visa.

Obligations to investors

SGGF III's activities are financed by immigrant investors who have subscribed for unsecured, subordinated promissory notes ("Notes") offered through an Offering Memorandum. The interest rate for a Note is 2%. Obligations under the Notes are subordinate to all other liabilities of the Fund and repayment is dependent on the proceeds on liquidation of investments and all other available liquidity in excess of other liabilities.

The Notes mature five years from the date of issue. The IIP requires that the maturity date of a Note be extended if, and for so long as, less than 70% of the amount of the Note is invested in the active business operations of eligible businesses in Saskatchewan.

SGGF III was closed to new subscription applications on July 31, 1997.

At December 31, 2006, obligations to investors totalled $9.27 million (2005 – $9.27 million), representing 109 Notes on which principal payments totalling $165,000 each have been paid to investors.

The Fund has prepared cash flow projections which indicate that timing differences exist between planned liquidations of investments and scheduled investor repayments as Notes become due. In order to treat all investors equally, the payment on Notes at maturity was initially set at $150,000. In 2003, the payment was increased to $160,000 and in 2004, the payment was increased to $165,000.The payment of any amount in addition to the initial payment at maturity is dependent on the liquidation of investments, many of which are in private companies as required by the IIP. These investments typically have more risk than other types of investments. Any forecast of when such investments will be liquidated reflects a best judgment based on current information, and involves a number of risks and uncertainties and other factors that may cause actual results to differ materially from the forecast. If the assumptions underlying current forecasts prove to be correct, payment of additional amounts may be possible in 2007.

SGGF III continues to actively manage its remaining investments with a view to achieving for investors the best liquidation proceeds available in the prevailing circumstances.

During 2006, the Fund determined that interest should not be accrued on obligations to investors after the maturity date. Accordingly the financial statements for 2005 and prior years have been restated to reverse the interest that had been accrued on matured Notes and to adjust the accrual for profit share in accordance with the restated retained earnings. Tax information slips previously provided to investors for Canadian tax purposes with respect to interest paid after maturity will be amended and reissued to investors. If the forecasted

realization proceeds from investments are achieved, the Fund will consider an ex gratia payment to investors to compensate them for accrued interest since the date of maturity of their Notes.

Investments

The investment policy of the Fund reflects the requirements imposed by both the IIP and the Offering Memorandum. To meet these requirements, the Fund has established a target initial investment allocation consisting of:

- a maximum of 50%, and a minimum of 30%, invested in small and medium-sized enterprises ("SMEs") in Saskatchewan;
- a maximum of 30%, and a minimum of 20%, invested in loans to support infrastructure projects of the Province of Saskatchewan, and its agencies, municipalities and similar institutions; and,
- the balance invested in cash or liquid debt securities.

As investments are divested over time, the actual portfolio mix changes. Investments in SMEs and loans to support infrastructure qualify as "eligible businesses" for purposes of the IIP.

The following table sets out the investments of the Fund by type at December 31 in each year:

	2006			2005		
	No.	**$ millions**	**%**	No.	$ millions	%
Other investments						
Small and medium-sized enterprises						
Debt investments	-	-	-	2	0.1	2.9
Equity investments	**3**	**3.1**	**88.6**	3	3.0	85.7
Total	**3**	**3.1**	**88.6**	4	3.1	88.6
Cash and publicly-traded and short-term investments		**0.4**	**11.4**		0.4	11.4
		3.5	**100.0**		3.5	100.0
Adjustment to fair value		**7.8**			7.6	
Carrying value		**11.3**			11.1	

Note: 1. The total number of SME investments represents the total number of companies. In some cases, an investment in both debt and equity instruments of the same company may have been made.

Investment and other income realized in 2006 totalled $22,000, compared with $70,000 in 2005. An increase of $189,000 (2005 - $5.2 million) in fair value of investments was recorded, and a gain on disposal of $122,000 (2005 – a loss of $248,000) was recorded. Net revenue in 2006 was $329,000, compared with $5.1 million in 2005, which included a significant increase in the fair value of one investment.

Management

The Fund is managed by the Saskatchewan Government Growth Fund Management Corporation ("SGGF MC") under a contract which provides for a management fee not to exceed 3.0% of the net assets of the Fund. SGGF MC has contracted administration and investment advisory services from Crown Capital Partners Inc. ("CCPI"), a private, national investment advisor based in Regina, Saskatchewan, and has retained subadvisors to provide investment advisory services. CCPI is paid a monthly fee for its services and will receive a performance fee based on the retained earnings, if any, of the Fund after all investor obligations are repaid in full and all investments have been liquidated. The subadvisors are paid a performance fee based on the performance of investments managed by them.

Administration expense for the Fund totalled $154,000 in 2006, compared with $321,000 in 2005. Administration expense in 2006 included an accrual of $22,000 (2005 - $192,000) for performance fees based on current fair values of investments. The fees are payable only when investments have been liquidated. Administration expense represented 1.4% (2005 – 3.6%) of weighted average total assets.

Results of operations

In 2006, the Fund recorded income of $176,000, compared with income of $4.7 million in 2005. In 2006, the investment revenue, including an increase in the fair value of investments, exceeded the administrative costs. Income in 2005 resulted from recognition of the fair value of investments held by the Fund. Investment income on weighted average total assets, before losses on disposal and the adjustment to fair value, was 0.2% (2005 – 0.8%). Unrealized gains and realized losses on disposal, net, were 2.8% (2005 – 55.8%). Expenses were 1.4% (2005 – 3.6%).

At December 31, 2006, the Fund had retained earnings of $1.7 million compared with retained earnings of $1.5 million at December 31, 2005.

Outlook and risks and uncertainties

The priority of SGGF III is the management of its investment portfolio to maximize returns and to provide for liquidation of investments to satisfy the obligations to investors at maturity of their Notes. Additional investments in SMEs will be made only to maximize the value of existing SME investments.

The investment allocation of the Fund which is prescribed by the IIP and Offering Memorandum significantly influences the returns available to the Fund. Investments in SMEs, which can represent up to 50% of the Fund's investments, provide an opportunity for higher returns, but also carry a higher risk of losses than other investment types, and a greater challenge to achieving liquidity at the precise time that Notes mature. On the other hand, the balance of investments which consist of liquid securities and loans to finance infrastructure, are relatively low risk, but also provide low returns that reflect the lower risk exposure.

The significant risks and uncertainties which affect the Fund relate to market risk, credit risk, interest rate risk, and liquidity risk. These risk factors are described in note 12 to the financial statements. The Fund manages these risks to the extent possible; however the factors may affect the ability of the Fund to repay its Notes at maturity. The Fund has no sources of funds to finance the repayment of its Notes other than the proceeds received on liquidation of its investments.

Dated as of February 21, 2007

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The President and fund manager of the Saskatchewan Government Growth Fund III Ltd. are responsible for management of the Fund. The accompanying financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles, and necessarily include amounts which are based on informed judgement and management estimates. Financial data presented elsewhere in this annual report is consistent with that in the financial statements.

Management's responsibility includes ensuring the integrity and objectivity of financial information. Management maintains an appropriate system of internal accounting and administrative controls, policies and procedures to provide reasonable assurance that all transactions are authorized, financial records are complete and accurate, and assets are safeguarded against loss.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting. The Board has established an Audit Committee to review the Fund's accounting policies and financial statements prior to their presentation to the Board for approval. The Audit Committee also reviews the internal controls of the Fund, and meets regularly with the auditors. The Board has reviewed and approved these financial statements.

Deloitte & Touche LLP, the Fund's independent auditors, have examined the financial statements of the Fund. Their responsibility is to conduct an independent and objective audit and to report on the fairness of presentation of the Fund's financial position, results of operations and cash flows as shown in the financial statements. The Auditors' Report outlines the scope of their examination and their opinion.

Alan M. Rowe, C.A.
President

AUDITORS' REPORT

To the Shareholder of Saskatchewan Government Growth Fund III Ltd.:

We have audited the statement of financial position of Saskatchewan Government Growth Fund III Ltd. as at December 31, 2006, and the statements of operations and retained earnings and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2006 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Saskatchewan Government Growth Fund III Ltd.
Notes to Financial Statements
December 31, 2006

1. Status of the Corporation

Saskatchewan Government Growth Fund III Ltd. ("SGGF III" or the "Fund") was incorporated in October 1994 under *The Business Corporations Act* (Saskatchewan) and has been accepted as a government administered venture capital fund under the federal government's Immigrant Investor Program ("IIP"). Under this program, the Fund was established to raise $35,000,000 through a note offering. Each note is a 2% unsecured, subordinated debt instrument with a principal amount of $250,000, repayable in five years provided that 70% of the proceeds are invested in eligible businesses ("Notes") throughout the five year period. The Fund commenced operations in 1994. The marketing period for the Fund ended on July 31, 1997.

The Confidential Offering Memorandum ("Memorandum") and the IIP prescribe various conditions which qualify an investment as an eligible business, including a requirement that the business be Saskatchewan based and have assets, including assets of associated companies, of less than $35 million.

The Government of Canada and the Government of the Province of Saskatchewan offer no guarantees or assurances on the financial performance of the Fund or of a return of an investor's original investment. Neither government will be liable for any loss or damages suffered by an investor as a result of an investment in the Notes.

As described above, the Fund's purpose is to issue the Notes and make investments in accordance with the IIP. When the Notes mature, the Fund divests its investments, in due course, as appropriate opportunities arise. The investments are the Fund's only source of revenue. The Fund's activities will cease when all investments have been divested. The proceeds will be applied to the obligations under the Notes, with residual resources, if any, being distributed to the shareholder.

2. Significant accounting policies

The financial statements have been prepared in accordance with Canadian generally accepted accounting principles. The following are considered significant:

Measurement uncertainty

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may vary from the current estimates. These estimates are reviewed quarterly and adjustments are reported in the Statement of Operations and Retained Earnings in the period in which they become known. The primary measurement uncertainty which may affect the reported amounts relates to the determination of fair values of other investments as described on the next page.

Saskatchewan Government Growth Fund III Ltd.
Notes to Financial Statements (continued)
December 31, 2006

Publicly-traded and short-term investments

Publicly-traded and short-term investments are carried at fair value. Income from publicly-traded and short-term investments is recognized as earned. The change in fair value of publicly-traded and short-term investments during the year is included in the Statement of Operations and Retained Earnings. Fair values for publicly-traded and short-term investments are determined by reference to quoted market values.

Other investments

Other investments include debt and equity investments in private companies. Other investments are carried at fair value. Income from debt investments ("loans") is recognized as earned except if the investment is impaired. A loan is considered to be impaired if, as a result of deterioration in credit quality, there is no longer reasonable assurance of the timely collection of the full amount of principal and interest. Any loan on which contractual payments are in arrears for 90 days or more is usually assumed to be impaired. Other factors that are considered in determining whether a loan is impaired are the overall credit quality of the borrower and the fair value of the underlying security. When a loan becomes impaired, recognition of interest income ceases. Income from equity investments is recognized when received. The change in fair value of other investments during the year is included in the Statement of Operations and Retained Earnings.

Fair values for other debt investments are determined by calculating the present value of the remaining payments under the loans. The discount rate used is based on the expected return at the date of the financial statements for a loan to an investee with similar risk characteristics. The discount rate is comprised of a base risk-free rate based on a Government of Canada bond with equivalent duration, a credit risk premium based on publicly-traded debt with a BBB credit rating, and an additional credit risk and liquidity premium based on the circumstances of the specific investee.

Fair values for other equity investments are determined by management on the basis of the expected realizable value of the investments as at the date of the financial statements if they were disposed of in an orderly manner over a reasonable period of time, discounted at a discount rate which is appropriate at the date of the financial statements to investments in similar companies. There is no active secondary market for many investments which are not publicly-traded, and there is considerable uncertainty and a potentially broad range of outcomes with respect to the future cash flows from these investments. Valuations of such investments are subject to a number of assumptions and uncertainties that may cause actual values realized on disposal to differ materially from the fair value estimated at any particular time.

Saskatchewan Government Growth Fund III Ltd.
Notes to Financial Statements (continued)
December 31, 2006

3. Provisions of the IIP

Minimum holding period and maturity of the Notes

A Note is issued to evidence receipt of the full subscription amount on the date that at least 70% of the subscription amount has been invested in eligible businesses. Each Note is scheduled to mature five years from such date, provided the Fund maintains at least 70% of the Note continuously invested in the active business operations of eligible businesses for five years following the issuance date. The IIP contains provisions which require that the maturity date of a Note be extended if, and for such period that, a minimum of 70% of the Note amount ceases to be invested in the active business operations of eligible businesses.

4. Accounting change

During 2006, the Fund determined that interest should not be accrued on obligations to investors after the maturity date. Accordingly the financial statements for 2005 and prior years have been restated to reverse the interest that had been accrued on matured Notes and to adjust the accrual for profit share in accordance with the restated retained earnings. As a result, liabilities decreased and retained earnings increased by $634,401 at December 31, 2005, interest expense for 2005 decreased by $197,231 and administration expenses for 2005 increased by $79,050. At December 31, 2004, liabilities and deficit both decreased by $516,220.

5. Publicly-traded and short-term investments

Publicly-traded and short-term investments consist of Government of Canada Bonds ("Bonds").

Security	Rate %	Maturity Date	Par $	**2006 Carrying Value $**	2005 Carrying Value $
Bond	4.50	1/09/07	300,000	-	306,244
Adjustment to fair value				-	(3,121)
Carrying value				-	303,123

Saskatchewan Government Growth Fund III Ltd.
Notes to Financial Statements (continued)
December 31, 2006

6. Other investments

	2006	2005
Debt instruments	**$ -**	$ 12,632
Equity instruments	**3,052,284**	3,052,284
	3,052,284	3,064,916
Adjustment to fair value	**7,776,724**	7,590,932
Carrying value	**$10,829,008**	$10,655,848

Included in debt investments in 2005 was $12,632 of impaired investments upon which income is not accrued. During the year, $23,750 (2005 - $248,186) of investments and costs have been written off.

During the year, investments increased as follows:

	2006	2005
Balance, beginning of year	**$10,655,848**	$ 5,666,501
New investments	**21,357**	-
Book value of divestments	**(10,239)**	-
Investments and costs written off	**(23,750)**	(248,186)
Net change in fair value	**185,792**	5,237,533
Balance, end of year	**$10,829,008**	$10,655,848

7. Accounts payable and accrued liabilities

Included in accrued liabilities is a provision of $213,777 (2005 – $191,887) for future fees payable to the manager of SGGF III under the terms of a management services agreement. This amount is based on the retained earnings of SGGF III and payable to the manager only upon liquidation of all investments and repayment of all Notes.

8. Commission payable

According to the terms of a marketing agreement entered into by the Fund, a commission is payable to the independent marketing agent selling the Note upon issuance of the investor's immigrant visa.

9. Subscription deposits

Subscription deposits represent partial deposits on Notes received prior to 1997 which have not yet been refunded to investors. The Fund was closed to deposits in 1997 and investors who have made partial subscriptions have no right to complete their subscription.

Saskatchewan Government Growth Fund III Ltd.
Notes to Financial Statements (continued)
December 31, 2006

10. Obligations to investors

Obligations to investors represent the Notes issued to investors of the Fund. The Notes help to satisfy a portion of investors' visa requirements under the IIP. Interest to the maturity date of Notes is accrued at an annual rate of 2% from the date of Note issuance and is paid annually on December 31 and at maturity. The obligation at December 31 is:

	2006	2005
109 Notes	**$ 9,265,000**	$ 9,265,000

The obligation is comprised of 109 unsecured subordinated Notes with a remaining principal balance of $85,000.

Obligations under the Notes are subordinate to all other liabilities of the Fund and repayment is dependent on the proceeds on liquidation of investments and other available liquidity in excess of other liabilities. The Notes are irrevocable, except in the case that a visa is denied.

As a result of differences in the timing of proceeds from investments and scheduled maturities of Notes, the Fund set repayments on each Note at its maturity, beginning in January 2002, at $150,000. In 2003, this amount was increased to $160,000 with a further increase to $165,000 in 2004.

If the assumptions underlying current forecasts prove to be correct, payment of additional amounts may be possible in 2007.

11. Share capital

The authorized common share capital of the Fund at December 31 is:

Class A common shares – an unlimited number of voting common shares. Holders of these shares are not entitled to receive dividends.

Class B common shares – an unlimited number of voting common shares. Holders of these common shares are entitled to receive dividends.

The issued common share capital at December 31 is:

	2006	2005
2,000 Class A common shares	**$ 2,000**	$ 2,000

12. Risk management

The Fund's primary business is the raising of capital from immigrant investors and placing these funds in new and expanding Saskatchewan businesses. This investment activity entails exposure to market risk, credit risk, interest rate risk, and liquidity risk. These risk factors may impact upon the Fund's ability to repay its Notes at maturity.

Market risk

Market risk is the risk that the fair value of an investment may be affected by the ability of an investee company to profitably distribute its products. Some of the companies in which the Fund invests are dependent upon a single product or industry. The Fund manages this risk through careful due diligence prior to committing funds to the investment and by diversifying its investments across various industry sectors.

Credit risk

Credit risk is the risk that an investee will fail to perform its obligations. Concentration of credit exposure may arise given that the Fund restricts its investments to businesses operating in Saskatchewan and therefore all investments are subject to a similar general economic environment. In addition, changes in commodity prices and foreign currency exchange rates may significantly affect the financial position of some investees. The Fund conducts thorough due diligence prior to committing to an investment and actively monitors the financial health of its investees on an on-going basis.

Interest rate risk

Interest rate risk is the risk that the Fund's earnings will be affected by fluctuations in interest rates. The Fund manages this risk through carefully monitoring and matching the duration of its investments with the duration of its obligations to investors.

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in liquidating its investments at the time it is required to repay its Notes. Due to the nature of some of the Fund's investments, the timing of cash flows from its investments may not exactly match the payments owing under the Fund's Notes. The Fund carefully monitors the duration of its investments. However, timing differences may require the Fund to reduce or delay the payments owing on Notes at maturity.

Fair value – obligations to investors

No secondary market for the Notes exists. Due to the unique features associated with the Notes, the calculation of a fair value with appropriate reliability is impractical. The risk factors that affect the fair value of investments, as described above, also affect the fair value of

Saskatchewan Government Growth Fund III Ltd.
Notes to Financial Statements (continued)

obligations to investors. Repayment of these obligations at maturity is dependent upon the value and liquidity of investments at that time.

13. Administration

Under the terms of a management agreement between the Fund and Saskatchewan Government Growth Fund Management Corporation ("SGGF Management Corporation"), SGGF Management Corporation administers the assets of the Fund with the assistance of a manager that performs fund administration and investment management together with several investment subadvisors. SGGF Management Corporation does not guarantee the financial performance of the Fund. Services provided to the Fund are charged on a fee for service basis together with a performance-based component which is payable only at such time that all obligations to investors have been repaid. The costs billed to the Fund by SGGF Management Corporation are as follows:

	2006	2005 (restated – Note 4)
Manager's fees	**$ 105,811**	$ 107,115
General administration	**4,273**	6,447
Directors' fees and expenses	**11,192**	5,142
Legal and professional	**10,440**	10,596
	$ 131,716	$ 129,300
Provision for manager's profit share	**21,890**	191,887
	$ 153,606	$ 321,187

14. Net change in non-cash balances related to operations

	2006	2005 (restated – Note 4)
Accounts receivable and accrued income	**$ 4,512**	$ 63,168
Accounts payable and accrued liabilities	**(2,846)**	156,431
Commissions payable	**-**	(2,500)
	$ 1,666	$ 217,099

15. Income taxes

A provincial Crown corporation, SGGF Management Corporation, owns all of the issued shares of the Fund. Therefore, the Fund is exempt from income taxes.

16. Related party transactions

Included in these financial statements are amounts resulting from transactions with SGGF Management Corporation pursuant to a management agreement referred to in note 13. Account balances resulting from these transactions are included in the Statement of Financial Position and are settled on normal trade terms. Total fees charged to the Fund by SGGF Management Corporation amounted to $131,716 (2005 - $129,300). Total fees payable to SGGF Management Corporation at December 31, 2006, and included in the above, are $6,542 (2005 - $7,087).

17. Contingencies

The Fund indemnifies contracted parties in connection with services provided. From time to time the Fund or such parties may be defendants in litigation. It is not possible to predict the ultimate outcome of any outstanding litigation or estimate any costs which might result.
